BK6 Mini size (just bigger than a Camera), portable with cheap transportation. Powerful function, High integration. Support3G/4G, GPS,WIFI, G-Sensor, Talkback, TTS...function. Easy installation.

Richmor 锐驰曼

The advertisement features a central image of the Richmor Mini 2CH AHD 1080P MDVR device, a black rectangular unit with a red warning triangle and various status lights. To its right is a separate camera lens. Below the main unit is a black rectangular battery pack. Red arrows point from the device to a yellow school bus labeled 'Outside' and to a yellow taxi labeled 'Vehicle inside'. A red arrow points from the battery pack to a yellow taxi labeled 'USP Battery Package'. To the right of the battery pack is a list of features with checkmarks: 'Easy installation', 'Labor cost saving', 'GPS /3G/4G /WIFI', and 'Support Dual SD cards'. At the bottom, a diagram shows the device, a black box, two cameras, a battery, and various accessories, with the text 'One device is one system'.

Cabin View Camera

**New Super Mini easy install labor saving Million AHD Dual SD Card
Mobile DVR support 2CH 1080P 3G 4G WIFI for taxi**

Support Infrared Night Vision Function

Monitoring angles can be adjusted (45°vertical direction & 335°horizontal direction adjusting). Horizontal field of view can reach 150°. Angles cannot be adjusted after installation finished in order that the monitoring site cannot be destroyed.

Front View Camera

Front view camera can adjust 45°up and down . Horizontal field of view can reach 130°. Angles cannot be adjusted after installation finished in order that the monitoring site cannot be destroyed.

FUNCTION DISPLAY

Mobile Monitoring Management Platform

RMVS is a system of centralized management and monitoring of all kinds of vehicles based on wireless network. Perform real-time monitoring, GPS/BD positioning, video storage, vehicle scheduling, alarm and alarm, etc.

Industrial Hisilicon 3521A image processor chip

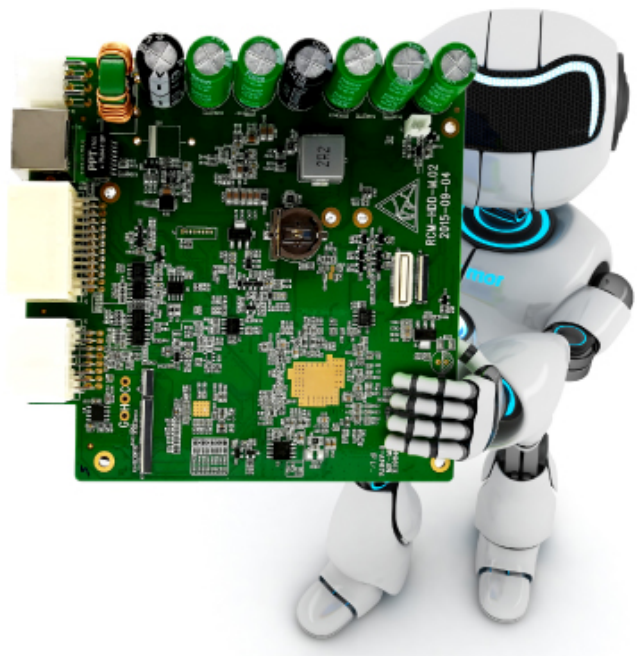

Choose the electronic material of industrial grade specification, ensure the life of the component and the stability of the whole machine.

Adopt low heat resistance aluminum profile to make equipment shell, strong and durable, protect heat dissipation.

Temperature rating

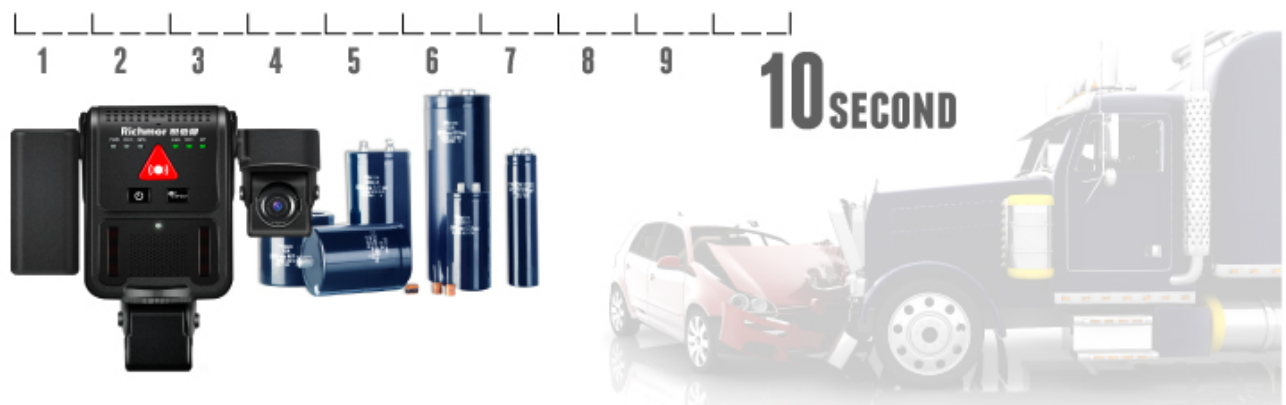

-40°C 85°C

High quality image processing

10S Data Protection

When vehicle encounter collision, MDVR supports 10S delay recording for data protection

COMPANY INFORMATION

Company Introduction

Shenzhen Richmor Technology Development CO.,Ltd is a global and professional MDVR/MNVR manufacturer and solution provider specializing in vehicle monitoring system design and deployment for over 10 years

DEVELOPMENT HISTORY

Sailing 2008

Richmor Founded
in a 30㎡ Studio

Provided MDVR ODM
Service for Public Companies

Challenging 2011

Moved into Longhua 500㎡ Factory
Built Sales Team
Guangdong TV Interviewed at CPSE 2011

Innovating 2016

First Launched 1080P 8CH AHD HD
MDVR & 4G Body Camera

Won the Golden Lion Award at ITS Expo

Won 10000PCS Order of Beijing Public
Bus via Strict National Las Testing

Got Certificate "National High-Tech Enterprise"

Improving 2010

Moved into 70㎡ Office Building
Officially Launched Own Brand Products
Thousand MDVR Order
Got From Changsha
Transportation Group in Hunan

Striding 2014

Moved into Bantian 1300㎡ Industrial Area
Launched New 3G Body Camera &
Ministerial Standard Products
3G Body Camera become Brasil World
Cup Security Products

Transforming 2017

Richmor Moved into 3000㎡ Building

Expanding Service & Developing
Team to Provide More Quality Products

Provide More Service & Support to
All Clients & Partners
